Rapid advice guidelines for management of children with COVID-19

In the article entitled “Rapid advice guidelines for management of children with COVID-19” (1), The author list should be corrected as follows: Dr. Wilson Milton Were’ and Mansuk Daniel Han’ had been taken out from the author list with their affiliation together. We appreciated their contribution in the Acknowledgments section and added: We thank Dr. Wilson Milton Were and Mansuk Daniel Han for reviewing the key terms, clinical questions and recommendations.

In Figure 1, An annotation “Getting better” under the box of “Consider isolation in hospital” should be close to right arrows. It showed patients transfer from critical care to common health care.

We regret the errors.
