

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-3376	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Survey results
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Not applicable as we did not have any other documents.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Craniofacial surgeons performing Facial Feminization surgery who are interested in studies of Facial Feminization surgery.
8	For what type of analysis or purpose?	For further analysis of survey results, even though we have had extensive survey results analysis with subgroup analysis already performed.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: annhui.ching@u.nus.edu
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
