

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-1312	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The data of MMP2/MMP9 after ALPPS or PVL in particular will be shared, and we also hope that these data, which has not been provided in previous studies, can be further verified.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, study protocol will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Clinicians and animal Experimenters who are interested in studies of ALPPS.
8	For what type of analysis or purpose?	For analysis to the mechanism of liver regeneration after ALPPS.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: qinyugang2003@126.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
